West Allis-West Milwaukee Monogram Organization
2026 Scholarship Application

The West Allis/West Milwaukee Monogram Organization annually awards \$1,500 scholarships to student athletes who attend either Central or Nathan Hale High Schools for use in the student's first year of college. Those students who will be graduating in June of 2026 and who attend a college, university, or technical school in the fall of 2026 are eligible to receive a scholarship. There will be a minimum of two scholarships awarded at each school.

Scholarships are awarded based on athletic participation and achievement, scholastics, involvement in school activities, community service, and a personal statement. Students wishing to apply for a scholarship must complete an application and return it to the Student Services Office (Room 235) on or before April 10, 2026 at 12:00pm(noon). All applications must be electronically printed on the application forms.

In addition to completing the application, each student must attach a copy of his or her **cumulative high school academic record (transcript)**. Under the "Athletic Participation" section of the application only school sanctioned sports for which a letter may be earned will be considered. Freshman, Junior Varsity, and Varsity awards will all be considered.

Intramural sports, clubs, and other non-lettering sport will not be considered and should not be included in the "Athletic Participation" portion of the application. Such other sports may be included in the "Other School Activities" section. **The signature of your Athletic Director is required to verify your participation.**

The other sections of the application do not require proof of each activity. However, school records and/or letters from employers or community service organizations will enhance a student's application.

Once the applications are submitted, the Organization will review them to determine the winners at the Organization's sole discretion. Scholarship winners will be notified of their status. Information on the process required to collect the scholarship will be provided. All scholarships that are awarded must be claimed and the funds transferred on or before December 31, 2026 or the scholarship may become void at the sole discretion of the Monogram Organization.

If you have questions about the Monogram Organization, the application form, or the scholarship process, please contact Mike at 414-422-9375. Scholarship applications will be available on the school and district websites.
